Principal Report – Dean Duursma

It is exciting to be back at school and seeing new faces, both students and staff (and parents) around the classrooms and yard. We look forward to watching how these young people and teachers can contribute towards and build on the great culture we have here at Foster SC.

At Foster SC, we have a culture of respect and high expectations. Every student is acknowledged as an individual with a unique context and is shown respect and encouraged to be proactive in their learning. We believe that every student can learn and achieve success. The most successful students are intrinsically or self-motivated. Foster SC will provide the environment, the encouragement, and opportunities to engage in learning that allows students to be the best they can be.

The most successful students have a strong support network around them. Excellence is most likely to be achieved when the school, the parents/carers and the student regularly communicate and develop a good relationship and understanding of the student's pathway and individual needs.

We look forward to working with you to support your child/ren in their journey with us.

We encourage you to use Compass and familiarize yourselves with the modules that help you to keep abreast of the college calendar and news / communication, as well as your child's student chronicle. We are happy to help you with your passwords and logging on to Compass etc. Call the office for Compass support on 03 5682 2066.
